€7 / €10
night round / day round (two visits)

Monthly
paid to your IBAN by PayParq

Equipment
shirt, badge and slips paid by PayParq

payparq

Summary of terms

Work	Patrolling partner lots and scanning plates with the PayParq scanner; a warning, then a notice, under the lot's rules.
Earnings	Fixed per completed round: €7 for a night round, €10 for a day round (two visits). No percentage of notices.
At night	One visit is enough: when the shop is closed there is no free time.
By day	Two visits 2 hours apart; a vehicle still there gets a notice. Day rounds 1–2 times a week, on random days.
Payout	Monthly to your IBAN; paid by PayParq.
Selection	Candidates are proposed by your city's City Manager; PayParq decides after a short video call.
Contract	With PayParq: student contract or service contract, with a confidentiality statement (GDPR).
Equipment	Paid by PayParq: shirt or jacket, badge and slips. Your own phone.
Accuracy	At least 90 % of notices without cancellation; no accurate photos, no notice.
Transfers	Candidates willing to drive transfers, with a passenger transport licence, are preferred. Not required.
Conduct	Calm and polite, no conflict; everything goes through the scanner and the central team.
